### Scenario for your Winlink message:

You have just received a Winlink message from the Bolivia EOC. That message is asking you to find the coordinates to the three nearest hospitals to Brunswick County with helicopter landing zones. You have been required to use the website <https://www.lzcontrol.com>.

The three hospitals are:

- McLeod Seacoast Medical Center in Little River S.C.
- Novant Health Brunswick Medical Center in Bolivia N.C.
- Novant Health New Hanover Regional Medical Ctr in Wilmington N.C

When you launch <https://www.lzcontrol.com> you need to be within Brunswick County NC. Move the map if you need to. There should be several "pushpins" marks on the map with different letters on them. You need to locate the three "H" pins for the three hospitals, and then click on each of the pins. A new window should appear over the map with specific information for that "H" Hospital pin.
