

Brunswick County Emcomm Winlink Net

Session #025

Net Session Start: Monday September 14th at 12:01 AM

Net Session End: Saturday September 26th at 11:59 PM

Send your completed Winlink message to: K1MJJ@winlink.org or just K1MJJ

Notice:

- Please maintain your monthly ICS 214a for the month of September stating the time you spend working on the Winlink exercise(s) you have completed for the month of September. I will ask for the 214a at the end of the month.
- Please keep all Winlink correspondence for the month of September exercises in a separate folder within Winlink. If you do so, then it will be straightforward to collect them in an ICS 309 communication log to send to me at the end of the month.
 - I have sent all of you a document on how to create a personal folder within Winlink
- You should have the two documents that I sent to you explaining how to create an ICS 309 document within Winlink and the document explaining how we will use an ICS 214a.
 - If you don't have either or both documents, then send me an email and I will provide them to you.

You should also have a blank writable ICS 214a PDF that I sent to you. If you don't, then send me an email and I will send you a copy.

Note:

- I would recommend that you send me your ICS 214a and ICS 309 via Telnet. PDF files created the way I have asked you to create them are quite large. If you try to send them via VHF or HF then you will be sending them through a slower medium.

The Scenario:

- You are a volunteer communicator at a Brunswick County shelter. At this time, we are experiencing a Category 2 hurricane. Yes, we are experiencing another hurricane.
- You have just been given a sheet of paper containing a list of groceries that the shelter cooks need.
- Your job is to convey this list of groceries to the Brunswick County EOC. They will take the list and fill out the request and send the groceries to the shelter.
- It is important that you send this request without any errors that may delay the delivery of the food needed to feed the shelter inhabitants.
